The door with the core that offers you more protection

Now you can get fire protection with the added benefit of acoustic insulation from one door. Trucore fire rated doors are manufactured for a guaranteed and proven 30 minute fire protection and up to 34DB sound insulation making it the obvious and most economical choice. Trucore 30 minute fire rated doors are manufactured from a tubular particle board core of 354kgs/m3.

TRUCORE PYROCOUST 30 MINUTE FIRE DOORS ARE IDEAL FOR:

Industrial
Commercial
Residential

TRUCORE PYROCOUST 30 MINUTE FIRE DOORS FEATURE:
