

iFUBA
into the future...

INNOVATIVE DESIGN, SUPERIOR AESTHETICS.

The innovative design and functionality of our T2 Toilet Partition System was inspired by the need for an upmarket, durable, vandal resistant toilet partition system. Ifuba's T2 is a frameless panel system made with 12mm high pressure laminate board. The product is superior in quality and is targeted at the high end of the market but remains affordable.
We have also ensured that the aesthetics of the product were not compromised with the frameless system lending itself to neat, clean lines and accompanied by a stylish ironmongery suite.

IFUBA T2 TOILET PARTITIONS ARE IDEAL FOR:
